LEGISLATIVE COUNSEL'S DIGEST

SB 1244, as amended, Lieu. Structural Pest Control Board.

Existing law, until January 1, 2015, establishes the Structural Pest Control Board, within the Department of Consumer Affairs, and authorizes the Director of Consumer Affairs to appoint a registrar to be the executive officer of the board. The board is required to license and regulate structural pest control operators, as specified.

This bill would extend the operation of those provisions until January 1, 2019.

Existing law provides, in pertinent part, that structural pest control includes, with respect to household pests and wood destroying pests or organisms, or other pests which may invade households or other structures, the engaging in, offering to engage in, advertising for,

soliciting, or the performance of, among other things, the identification of infestations, or the use of insecticides, pesticides, rodenticides, fumigants, or allied chemicals or substances for the purpose of eliminating, exterminating, controlling or preventing infestations or infections of those pests, or organisms. Under existing law, an applicator's license expires 3 years from the date the license is issued.

This bill would define the term "pesticide" to include any spray adjuvant and any substance, or mixture of substances, which is intended to be used for preventing, destroying, repelling, or mitigating any pest or organism, and would make conforming changes pertaining to that definition. The bill would delete obsolete provisions pertaining to the definition of fumigants and fumigation procedures, and would conform notice provisions relating to fumigation to other provisions of law. The bill would authorize, in specified circumstances, waiving the use of warning agents in conjunction with fumigants. The bill would provide that an applicator's license instead would expire on June 30 of the 3rd year after issuance.

Existing law requires registered structural pest control companies to submit monthly reports to the county agricultural commissioner reporting the name and registration number of each pesticide, the amount used, and the number of applications made. Existing law requires the report to have a pesticide stamp issued by the board, as specified.

This bill would authorize the use of pesticide stamp numbers in addition to pesticide stamps for those purposes. The bill would delete the requirement that the monthly reports specify the number of applications made for a pesticide. The bill would require structural pest control licensees to maintain a copy of the monthly report for 3 years after submission.

Existing law prescribes various fees for licensing, registration, examinations, and other purposes pertaining to structural pest control matters, and authorizes a fee of \$2 for a pesticide use stamp in connection with a monthly pesticide report. Existing law provides that those fees may be deposited in the Structural Pest Control Research Fund, or with a bank or other depository, as specified.

This bill would prescribe a \$2 fee for a pesticide use stamp number. The bill would delete provisions for deposit of the stamp and stamp number fees with a bank or other depository, and would make additional conforming changes.

Existing law authorizes suspension and fines to be imposed on a registered structural pest control company for specified violations.

This bill would provide that the time for an action for a suspension or fine against a structural pest control licensee or registered company would be 2 years from the date of the violation, provided however, that when an agricultural commissioner submits a completed investigation to the Structural Pest Control Board, as specified, the action would be required to be brought within one year of the commissioner's submission.

Existing law establishes a disciplinary review committee, in connection with disciplinary procedures against structural pest control licensees and registered companies, which requires as a member of the committee, a person representing the Secretary of Food and Agriculture.

This bill would instead require as a member of the committee, a person who represents the Director of Pesticide Regulation.

The bill would make additional conforming and technical, nonsubstantive changes.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

13 commence work on a contract, or sign, issue, or deliver any
14 documents expressing an opinion or statement relating to the
15 control of household pests, or wood destroying pests or organisms
16 until the registered company has completed an inspection.

17 (b) Notwithstanding any provision of this chapter, after an
18 inspection has been made, a registered company which holds a
19 branch registration for the control of household pests, or wood
20 destroying pests or organisms, but whose branch registration
21 restricts the method of eradication or control permitted, may
22 recommend and enter into a contract for the eradication or control
23 of pests within the scope of its branch registration, provided that
24 it subcontracts, in writing, the actual performance of the work to
25 a registered company which holds a branch registration authorizing
26 the particular method to be used.

27 (c) A registered company may subcontract, in writing, any pest
28 control work for which it is registered in any branch or branches
29 to a registered company holding a valid branch registration to do
30 that work.

31 (d) Nothing in this chapter shall be construed to prohibit a
32 registered company or the consumer from subcontracting with a
33 licensed contractor to do any work authorized under Section 8556.

34 (e) A registered company shall not subcontract structural
35 fumigation work, as permitted in this section, without the written
36 consent of the consumer. The consumer shall be informed in
37 advance, in writing, of any proposed work which the registered
38 company intends to subcontract and of the consumer’s right to
39 select another person or entity of the consumer’s choosing to
40 perform the work. The consumer may authorize the subcontracting

1 of the work as proposed or may contract directly with another

4 licensure requirements, nor permit a licensed contractor to perform
5 any work beyond that authorized by Section 8556.

6 (f) Nothing contained in this section shall permit or authorize
7 a registered company to perform, attempt to perform, advertise or
8 hold out to the public or to any person that it is authorized,
9 qualified, or registered to perform, pest control work in a branch,
10 or by a method, for which it is not registered, except that a Branch
11 2 or Branch 3 registered company may advertise fumigation or
12 any all encompassing treatment described in paragraph (8) of
13 subdivision (a) of Section 1991 of Title 16 of the California Code
14 of Regulations if the company complies with the requirements of
15 this section.

16 (g) Subcontracting of work, as permitted in this section, shall
17 not relieve the prime contractor or the subcontractor from
18 responsibility for, or from disciplinary action because of, an act
19 or omission on its part, which would otherwise be a ground for
20 disciplinary action. However, the registered company making the
21 initial proposal including proposed work that the registered
22 company intends to subcontract shall not be subject to disciplinary
23 action or otherwise responsible for an act or omission in the
24 performance of the work that the consumer directly contracts with
25 another registered company, person, or entity to perform, as
26 permitted by this section. All home solicitation contracts shall

38 cost of work not completed.

39 (b) The address of each property inspected or upon which work
40 was completed shall be reported on a form prescribed by the board

1 and shall be filed with the board no later than 10 business days
2 after completed work.

3 (c) A filing fee shall be assessed pursuant to Section 8674 for
4 every property upon which work is completed.

5 (d) Failure of a registered company to report and file with the
6 board the address of any property upon which work was completed
7 pursuant to subdivision (b) of Section 8516 or Section 8518 is
8 grounds for disciplinary action and shall subject the registered
9 company to a fine of not more than two thousand five hundred
10 dollars (\$2,500).

11 (e) The registered company shall retain for three years all
12 original notices of work completed, work not completed, and
13 activity forms.

14 (f) Notices of work completed and not completed shall be made
15 available for inspection and reproduction to the executive officer
16 of the board or his or her duly authorized representative during
17 business hours. Original notices of work completed or not

32 and as of that date is repealed, unless a later enacted statute, that
33 is enacted before January 1, 2019, deletes or extends that date.
34 Notwithstanding any other law, the repeal of this section renders
35 the board subject to review by the appropriate policy committees
36 of the Legislature.

38 *SEC. 15.* Section 8528 of the Business and Professions Code
39 is amended to read:

6 a structural pest control licensee or registered company to work

8 registered company, or an unlicensed individual acting as a
9 licensee, may levy an administrative fine up to one thousand dollars
10 (\$1,000) or direct the licensee to attend and pass a board-approved
11 course of instruction at a cost not to exceed the administrative fine,
12 or both, for each violation of this chapter or Chapter 14.5
13 (commencing with Section 8698), or any regulations adopted
14 pursuant to these chapters, or Chapter 2 (commencing with Section
15 12751), Chapter 3 (commencing with Section 14001), Chapter 3.5
16 (commencing with Section 14101), or Chapter 7 (commencing
17 with Section 15201) of Division 7 of the Food and Agricultural
18 Code, or any regulations adopted pursuant to those chapters,
19 relating to pesticides. However, any violation determined by the
20 board or the commissioner to be a serious violation as defined in
21 Section 1922 of Title 16 of the California Code of Regulations
22 shall be subject to a fine of not more than five thousand dollars
23 (\$5,000) for each violation. Fines collected shall be paid to the
24 Education and Enforcement Account in the Structural Pest Control
25 Education and Enforcement Fund. Suspension may include all or
26 part of the registered company's business within the county based
27 on the nature of the violation, but shall, whenever possible, be
28 restricted to that portion of a registered company's business in a
29 county that was in violation.

30 (b) A licensee who passes a course pursuant to this section shall
31 not be awarded continuing education credit for that course.

32 (c) Before a suspension action is taken, a fine levied, or a
33 licensee is required to attend and pass a board-approved course of
34 instruction, the person charged with the violation shall be provided
35 a written notice of the proposed action, including the nature of the
36 violation, the amount of the proposed fine or suspension, or the
37 requirement to attend and pass a board-approved course of
38 instruction. The notice of proposed action shall inform the person
39 charged with the violation that if he or she desires a hearing before
40 the commissioner issuing the proposed action to contest the finding

1 of a violation, that hearing shall be requested by written notice to
2 the commissioner within 20 days of the date of receipt of the
3 written notice of proposed action.

4 (d) A notice of the proposed action that is sent by certified mail
5 to the last known address of the person charged shall be considered
6 received even if delivery is refused or the notice is not accepted
7 at that address.

8 (e) If a hearing is requested, notice of the time and place of the
9 hearing shall be given at least 10 days before the date set for the
10 hearing. At the hearing, the person shall be given an opportunity
11 to review the commissioner's evidence and a right to present
12 evidence on his or her own behalf. If a hearing is not requested
13 within the prescribed time, the commissioner may take the action
14 proposed without a hearing.

15 (f) If the person upon whom the commissioner imposed a fine
16 or suspension or required attendance at a board-approved course
17 of instruction requested and appeared at a hearing before the
18 commissioner, the person may appeal the commissioner's decision
19 to the Disciplinary Review Committee and shall be subject to the
20 procedures in Section 8662.

21 (g) If a suspension or fine is ordered, it may not take effect until
22 20 days after the date of the commissioner's decision if no appeal
23 is filed. If an appeal pursuant to Section 8662 is filed, the
24 commissioner's order shall be stayed until 30 days after the
25 Disciplinary Review Committee has ruled on the appeal.

26 (h) Failure of a licensee or registered company to pay a fine
27 within 30 days of the date of assessment or to comply with the
28 order of suspension, unless the citation is being appealed, may
29 result in disciplinary action being taken by the board.

30 (i) If a citation containing a fine is issued to a licensee and it is
31 not contested or the time to appeal the citation has expired and the
32 fine is not paid, the full amount of the assessed fine shall be added
33 to the fee for renewal of that license. A license shall not be renewed
34 without payment of the renewal fee and fine.

35 (j) If a citation containing a fine is issued to a registered
36 company and it is not contested or the time to appeal the citation
37 has expired and the fine is not paid, the board shall not sell to the
38 registered company any pesticide use stamps until the assessed
39 fine has been paid.

1 (k) If a citation containing the requirement that a licensee attend
2 and pass a board-approved course of instruction is not contested
3 or the time to appeal the citation has expired and the licensee has
4 not attended and passed the required board-approved course of
5 instruction, the licensee's license shall not be renewed without
6 proof of attendance and passage of the required board-approved
7 course of instruction.

8 (l) Once final action pursuant to this section is taken, no other
9 administrative or civil action may be taken by any state
10 governmental agency for the same violation. However, action
11 taken pursuant to this section may be used by the board as evidence
12 of prior discipline, and multiple local actions may be the basis for
13 statewide disciplinary action by the board pursuant to Section
14 8620. A certified copy of the order of suspension or fine issued
15 pursuant to this section or Section 8662 shall constitute conclusive
16 evidence of the occurrence of the violation.

17 (m) If the board is the party issuing the notice of proposed action
18 to suspend or impose a fine pursuant to subdivision (a),
19 "commissioner" as used in subdivisions (c), (f), and (g) includes
20 the board's registrar.

21 (n) An action brought pursuant to this section shall be
22 commenced by the commissioner within two years of the
23 occurrence of the violation. If a commissioner submits a completed
24 investigation to the board for action by the registrar of the Attorney
25 General, the action shall be commenced within one year of that
26 submission.

32 representative, may inspect any or all properties on which a report
33 has been issued pursuant to Section 8516 or a notice of completion
34 has been issued pursuant to Section 8518 by the registered company
35 to determine compliance with the provisions of this chapter and
36 the rules and regulations issued thereunder. If the board determines
37 the property or properties are not in compliance, a notice shall be
38 sent to the registered company so stating. The registered company
39 shall have 30 days from the receipt of the notice to bring the
40 property into compliance, unless an extension is authorized by the

board, and it shall submit a new original report or completion notice or both and an inspection fee of not more than one hundred twenty-five dollars (\$125) for each property inspected. If a subsequent reinspection is necessary, pursuant to the board's review of the new original report or notice or both, a commensurate reinspection fee shall also be charged. If the board's authorized representative makes no determination or determines the property is in compliance, no inspection fee shall be charged.

(b) The notice sent to the registered company shall inform the registered company that if it desires a hearing to contest the finding of noncompliance, the hearing shall be requested by written notice to the board within 20 days of receipt of the notice of noncompliance from the board. If a hearing is not requested pursuant to this section, payment of any assessment shall not constitute an admission of any noncompliance charged.
